MOTION TO OPEN/CLOSE FOR PUBLIC COMMENT Lauren made a motion to open for public comment and Steve seconded the motion.

Gil Cunningham, a resident of 50 years, attended the meeting to let the Board know that he noticed a lot of positive changes at the dam since FAB has been doing mitigation . Lauren agreed that the dam operation seems to be working better and advised the resident that Pompton Lakes is not in charge of operations at the dam.

He also asked about Elevation Certificates. He was looking to get one done but was unsure if it would help him or harm him, Lauren advised him that he could get a Certificate and keep it private but that he should consult his insurance agent to discuss his individual circumstances. Beth stated that her personal experience with the EC was detrimental in her instance because the agent wasn't well versed in the matter. Lauren stated that insurance companies are talking about doing additional training for agents handling flood zone issues.

MINUTES Steve made a motion to accept the February minutes and Maria seconded the motion and the minutes were accepted.
